Subject: Question about: Meet/Greet w/Teresa Marks USEPA

Hi Steve

Jonathan asked that I fill in for him since he is out. Any agenda for the meet and greet?

For the 11 am, do we have an agenda for the UIC discussion? Scott will be joining me for that. Phil Wyels is on vacation.

Thanks

John

I think it would be good to have somebody from SWB, and since Jon can't make it, he suggests John B. and/or Phil. Michelle, would you please see if they are available?

---

New senior advisor to EPA Administrator Gina McCarthy on unconventional oil and gas. Her name is Teresa Marks.

We will have a chance to fill Teresa in on CA's program by phone on Thursday, but wanted to give you a heads up that she we understand she will be seeking a meeting with CA officials next week (among trips to other States). I think she is interested in introducing herself and talking further about what EPA's Office of Research and Development is doing, following up on past visits by ORD's Ramona Trovato. As we learn more about her plans, we'll let you know, including who from our office may join in the conversation. Also, please let us know if you become aware of a confirmed meeting. Thanks, Jane
